# DENTAL HEALTH MONTH

**This February, families are invited to explore Dental Health Month through engaging, hands-on exhibits at the Museum of the West in Grand Junction and the Dino Dental Cart at Dinosaur Journey in Fruita.**

Designed to make dental health fun, approachable, and empowering, these interactive experiences help children learn healthy habits while easing dental anxiety. From brushing and flossing stations to role-playing as dental professionals and exploring historic dental tools, visitors of all ages will discover how caring for their smiles connects to lifelong wellness.

Together, we're helping build confident, healthy habits—one smile at a time.
